JONATHAN NEZ | PRESIDENT MYRON LIZER | VICE PRESIDENT

August 6, 2020

Alison Harmon, Project Engineer
Arcadis U.S., Inc.
(Sent via email Ali.Harmon@arcadis.com)

Dear Ms. Alison Harmon,

Thank you for submitting your request on Friday July 31, 2020, for your sub-contractor Iina Ba to conduct field work (staking location) for Continental Divide Electric Cooperative (CDEC).

Navajo Nation Environmental Protection Agency (NNEPA) – Superfund Division received the updated Health and Safety Plan (HASP) submitted on July 31, 2020 which includes the Center for Disease Control (CDC) recommendations for field work with accordance of the COVID-19 Health and Safety Procedures.

NNEPA is very appreciative of Arcadis's submittal of COVID-19 guidance and your continued work for the Haystack area. After careful review of the HASP, NNEPA will approved this field work, on the contingency that there is to be no one on one contact with the community members and the contractor conducting the work. If there is a need to talk with the resident please follow the social distancing order.

Upon this approval, please follow up with the family and Iina Ba to discuss a proper time and date of when to conduct the field work, in order to minimize contact between one another. Once the time and date have been finalized please follow up with the Agencies (NNEPA and USEPA).

If you have any questions, please feel free to contact Shelby Dayzie at (928) 871-7819 or email at shelbydayzie@navajo-nsn.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Oliver Whaley", is written over a horizontal line.

Oliver Whaley, Executive Director
